

My favourite hobby

Do you have a hobby? What is it?

1. Read this person's description of his or her hobby.

My favourite hobby is reading. I enjoy reading a book in my free time. I started this hobby when I was four years old. The first time, I felt interested. So I kept reading. The teachers always taught me to read the difficult words. I was happy when I read a story with a happy ending. I was thrilled when I read a detective story. I enjoy reading because I like to explore the imaginative world of my favourite author, J. K. Rowling, who wrote *Harry Potter*. Reading has many advantages. Reading can make me relaxed and calm. I can also learn new vocabulary and improve my English. Moreover, it can give me an unlimited imagination, so I can write books in the future. I can learn about different cultures and customs of other countries too. I read at least one hour every day. I read books by myself. I usually read them at home. I wish I could read different kinds of books because it might be very challenging.
